From the Chairperson:

Mr. Sachin Yadav, Secretary Prerana

Foundation: This will worse year may be count in history due to pandemic situation and heavy flood emerged. Everyone was fearful and doubtful for how to survive in this scary situation. This time also NGOs and Social sector proved everyone with their dedication towards society, all social workers, NGOs and officials reached communities and supported each one. During this year, many of NGO partners and govt Officials such as SEEDS Delhi, Care India Delhi, Mahatma Phule Samaj Seva Mandal, Seva Sahyog, Goonj, Biodiversity Board Nagpur, Neharu Yuva Kendra and Gram Panchayats have gave us tremendous support, so, we could done better work. **It is our prior need to focus towards chronic situation arise due to pandemic and make significant, positive impact through our integrated, community based and participatory approach on ongoing social issues and pandemic issues.**

It is our prior need to focus towards chronic situation arise due to pandemic and make significant, positive impact through our integrated, community based and participatory approach on ongoing social issues and pandemic issues.

Overview of the Year:

Flood was came last year and same year unbelievable pandemic has emerged. Govt announced strict regulations and lockdowns for controlling covid 19 spread and for safety of civil society. So, as a result most of work activities have become very slow and steady. Many NGO's has faced challenges to get funds to survive at this second year after covid 19 emerged,

At community level many of people pushed down to poverty due to destruction of economic, social and health structure under pandemic situation. Our aim was to keep sustainable in this crucial timeframe. Our focus were on “keep sustainable and improve capacity building through skill development”.
